There has been significant progress across policing but challenges remain in getting the policing of children and young people right.

Join us to help shape the future of Child Centred policing. Hear how actions taken by police officers can cause trauma to young people rather than help them? Leading experts and young people will be presenting their research and recommendations.

Speakers so far include: Charlie Taylor, Steve Chalke founder of the Oasis Trust, Dr Carlie Goldsmith, PACT, The Skill Mill, Fixers and young people from the Big Up The Bill' campaign.
