The total number of alleged offenders on the Operation Hydrant database is 3057, comprising 2621 males, 280 females and 156 of unknown sex. Of these 3057:

- 360 are deceased.
- 2631 are classified as offending in institutions.
- 624 are classified as unidentified.
- 361 are classified as persons of public prominence. These comprise:
 - 165 from the world of TV, film, or radio
 - 98 are listed as politicians (these include local level politicians, not just national figures)
 - 49 are from the music industry

 - 32 are PPP's of another description

(The totals for 'offending in institutions', 'unidentified' and 'persons of public prominence' total more than 3057. This is because some offenders fall into more than one of these categories. An example would be a person of public prominence who offended in an institution.)

The total number of victims on the Operation Hydrant database is 2975, comprising 2137 males, 812 females and 26 of unknown sex.

1198 different institutions feature on the Operation Hydrant database. These comprise:

- 328 Children's Homes
- 121 Religious Institutions
- 55 Medical establishments
- 47 Scout / Associations
- 27 Prison/Young Offenders institutes
- 24 Sports Venues
- 16 Community institutions (such as youth clubs and community centres)
- 93 'other' institutions (military, places of entertainment, guest houses, etc.)

(There are no longer any institutions classified as 'Unknown' on the Hydrant database.)
