

# Objective(s) – Session 8 – Crime Coordination Committee

## Angiolini Part 2

- Chiefs are asked to note the current position.
- Significant developments and proposals will be reported or consulted through the relevant governance structures, principally through NPCC Op Standards, Crime Coordination Committee and using the Chief Officer Reference Group which is active and composed from your nominations.
- The letter and materials recently disclosed to the Inquiry on NCVPP progress are available on request - **\*\*S31(1)\*\*** or **\*\*S31(1)\*\***
- The team are working closely with the Op Standards Group to develop a refreshed membership and terms of reference that will effectively position policing for the anticipated findings and recommendations of the wider Part 2 report (particularly police perpetrated VAWG), aligning relevant portfolios.

# Objective(s) – Session 8 – Crime Coordination Committee

**.Online CSEA** - Outlining the approach to the increase in demand. The NPCC CSA and **\*\*S23(1)\*\*** Leads will provide chiefs with an overview of the recommended proposals that offer the greatest potential to deliver efficiencies, absorb growing demand and maximise efficiency, and enhance system-wide understanding to inform cross-government approaches to prevention.

**.National Coordination Group** – An overview of the national coordination response to the USA's Department of Justice's release of the Epstein Files and the impact upon UK policing. The purpose of implementing a Gold Group is to facilitate an effective national coordination capability that enables a consistent, coherent, and high-quality policing response across all affected areas. Individual forces will retain primacy for the assessment of material indicating potential offences within their jurisdiction, oversight of local investigations and linked communications. Forces will also retain responsibility for local engagement with victims and survivors.

# Objective(s) – Session 8 – Crime Coordination Committee
