Mick,
I want to thank you again for the time. I am currently working on the funding piece so you will be the first to know if I am successful. We are open to times and dates that work for your team to link up regarding planning for the Euros.

Hi S.40(2)
Thanks for taking time out for the meeting yesterday. I appreciate you are unable to commit to anything at the moment as you await further direction on funding and logistics.

- S.31(1) [redacted]

In summary, we would be able to support with some sessions for match commanders, planners and officers S.31(1) [redacted] As there are 11 venues , we would prefer to have one visit over a longer period (perhaps 3 sessions to match the time zones) and cover both Canada and Mexico but always willing to be flexible.

IPCC

As we discussed, it would be good to have a furthermore in-depth discussion about the IPCC, covering the areas needing to be considered and how this may work. I have copied in colleagues from our planning team and would suggest we organise a team's meeting, where we present our plans and thoughts, and you (and your team) can ask questions. S.3 [redacted]

If you can send me some dates/times that will work for you and your team I will organise if this is acceptable.

I hope this makes sense and look forward to further work with you in the future.

I will copy this into S.40(2) [redacted] (Interpol) to keep him in the loop and have copied in S.4 [redacted] from our Embassy.

Regards

Mick
