

20 Operations

Co-ordinated by Opal across all key acquisitive crime sub-threats

71 Tactical Outcomes

Including positive identifications of high harm nominals, convictions, seizures and immigration and border disruptions

98 Arrests

As a result of co-ordination work by Opal

36 APMIS Outcomes

Recorded by Opal working to support forces and regions

International Co-ordination

- UK EMPACT lead for Organised Property Crime
- Information Sharing agreement with Gendarmerie Nationale
- Enhanced partnerships with International Association of Auto Theft Investigators

Information Sharing

Including Operation Angleton where Opal co-ordinated intelligence sharing across 27 police forces, including the details of over 160 suspects and 400 vehicles, resulting in arrests and wider SOC disruptions

Collaboration

Working closely with partners including the National Rural Crime Unit enhancing intelligence development and tackling serious and organised criminality impacting the Agricultural and Construction industry and rural communities

Co-ordination

Including Operation Ram where Opal worked with retailers, NBCS, NBCC and wider policing partners to combat national scale high value alcohol theft resulting in arrests, seizures and conspiracy convictions

Organised Retail Crime Team

ORC team capability established to sit within Opal. Team being on-boarded early 2024 to:

- Establish single version of the threats from SOC targeting retailers
- Develop prevention, intelligence and enforcement activity and action plans to target identified offenders

143 Products

Including tactical products to support industry and forces such as trigger plans and operational intelligence assessments and strategic products to support the National Crime Agency and NPCC leads including the Heritage and Cultural Property Crime Strategic Assessment
