

THE AIM OF PREVENTATIVE POLICING:

Fewer victims, fewer offences, and less demand on policing, achieved by addressing underlying causes and using partnership oriented problem solving.

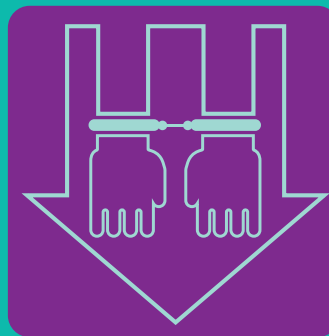

CULTURAL CHANGE

Embed preventative policing as the core police function to maximise opportunities in preventing public harm and reducing demand through problem solving approaches.

REDUCED HARM

Tackle the drivers and vulnerabilities associated with victimisation in both the physical and virtual environment.

REDUCED OFFENDING

Tackle the causes and opportunities that facilitate offending.

REDUCING DEMAND THROUGH EVIDENCE BASED PROBLEM SOLVING APPROACHES

Reducing public harm and internal demand through a systematic, and cost effective, problem solving approach.
